

Authorization to receive official communications

The authorization to receive official communications covers the receipt and delivery of all written communications, authorizations and notifications of costs issued by the competent Main Customs Office or the competent Customs office with regard to this application.

Administrative acts (written communications, authorizations and notifications of costs) are effective as soon as they are made known to the authorized recipient.

In the case of applicants and/or parties liable for costs resident in Argentina, China, Egypt, Korea, Kuwait, Liechtenstein, Mexico, the Russian Federation, San Marino, Sri Lanka, Switzerland, the Ukraine or Venezuela, failure to designate an authorized recipient resident in Germany as stipulated in § 123 of the Fiscal Code will result in rejection of the application for exemption from use of a customs approved airport.

Notice for Clearance of Goods

If there are no grounds for exemption under Article 181c of the Implementing Provisions of the Customs Code (e.g. goods carried in personal luggage of passengers), a summary entry declaration of goods carried must be made.
